

AGGIES GREEN ZONE

A Green Zone is defined as a military zone that has been secured as a “safe” place for military personnel. The Military and Veterans Programs created the **Aggies GREEN ZONE** to help foster a supportive environment in which students feel welcomed and trusted, from their transition from the military to throughout their educational journey. The purpose of the **Aggies GREEN ZONE** training program is to help faculty and staff understand the needs, experiences, and cultural issues affecting military and veteran students. After completing the online training program (NMSU Training Central) and workshop training program (face-to-face, Teams, or Zoom), participants will receive a Certificate of Appreciation and an invitation to become our Green Zone Ally.

Green Zone Allies are sympathetic faculty and staff members whom students can reach out to for support and guidance. Allies are not expected to be experts in military and veteran matters, but they can make a positive impact by lending a sympathetic ear and connecting students with appropriate resources.

Green Zone Allies are faculty and staff who:

- Manage a classroom discussion around issues sensitive to military and veteran students
- Recognize common indicators of post-deployment stress and, if necessary, refer them to appropriate support services (in and out of campus)

Thank you for being a supportive and caring resource for our military & veteran students!
